The Washoe County District Health Department advises that eating raw, under cooked animal foods, or animal foods that are not otherwise processed to eliminate pathogens (such as meat, poultry, eggs, milk, seafood or shellfish), poses a potential health risk to everyone, especially the elderly, young children under the age of 4 years, pregnant women and other highly susceptible individuals with compromised immune systems. Thorough cooking or processing of food to eliminate pathogens reduces the risk of illness.

Please be advised that food prepared here may contain these ingredients: milk, eggs, wheat, soybeans, peanuts, tree nuts, fish and shellfish.

For our guests with food allergies and other related dietary restrictions, we are happy to discuss and attempt to accommodate your special needs.
